Request for Waiver Docket 02-6

To: Federal Communications Commission

To whom it may concern:

This is a request for waiver in the Universal Service Fund E-rate program regarding the invoice deadline of October 28, 2015, for funding year 2014 recurring services.

In funding year 2014, our district was approved for E-rate funding with Accentek, SPIN 143002061, for funding request #2843300.

In early funding year communication with the service provider, Decorah Public School District was under the impression that discounts would be provided by the vendor on bills. Through a misunderstanding between the district and the service provider, no discounts were given on bills, and the service provider notified the district by e-mail on November 26, 2015, that a Form 472 had not been received. Neither the service provider nor the district filed an invoice extension request by the deadline of October 28, 2015, since the invoicing situation/misunderstanding was not discovered until after the deadline had passed.

The Decorah Community School District kindly requests a waiver of the rule requiring funding year 2014 recurring services invoices (or extension requests) to be filed by October 28, 2015. The district is aware that in a funding previous year, an automatic one-year/one-time extension was granted. The district requests that consideration be made of our waiver request so that a form 472 may be successfully filed.

Respectfully submitted,

Kurt MJ DeVore
Director of Information, Systems, & Instructional Technology
